

REMARKS

This Preliminary Amendment A corrects some typographical errors in the structures in this application.

The sequence page lists Sequence 1 as

G T P G P Q G I A G Q R G V V or alternatively as

Gly-Thr-Pro-Gly-Pro-Glu-Gly-Ile-Ala-Gly-Glu-GLy-Val-Val

As is seen in the included Examples 1 to 9. The capital letter designations for the amino acid sequence are correct and the three letter designations needed to be correct for exact correspondence. The correct capital letter sequence for Sequence 1 is found on page 11, line 17 and page 13, line 3; page 18, lines 9-11; page 22, Seq ID No. 1 in Table 1; page 47, line 15; page 55, the MAP 4 peptide has the correct P-15 sequence.

The sequence sheets and disk submitted concurrently with this application on September 16, 2003 correctly correspond to the P-15 structure as corrected herein.

No new matter is added to this application.
